SUBJECT: Rescission of NDS Supplement ARFOS 02-2006, WFO Fairbanks  
Terminal Aerodrome Forecast Amendment Criteria

The following document is rescinded from the NDS:

NDS Title: WFO Fairbanks Terminal Aerodrome Forecast Amendment Criteria

NDS Number: ARFOS 02-2006

Effective Date: June 12, 2006

Signature Date: June 12, 2006

Certified By: WFO AFG (J. Dragomir)

Approving Authority: John H. Dragomir, MIC WFO Fairbanks

Summary: ARFOS 02-2006 was issued to provide local WFO definitions for the development of the Site Specific Terminal Aerodrome Forecast Amendment Criteria program, for which the office was a test site. NWSI 10-813 now includes these definitions thus eliminating the need for a local supplement.
