

VI.6.4-PRDUTIL-DELTYPE PROGRAM PRDUTIL COMMAND DELTYPE

Purpose

Command DELTYPE deletes data types from the Processed Data Base.

A data type cannot be deleted if any time series of the specified data type are defined.

If the data type was defined so that future data is in a separate time series then the future type will also be deleted.

Input Data

<u>Card</u>	<u>Field</u>	<u>Format</u>	<u>Contents</u>
1	1		'@DELTYPE'
2	1+	A4	Data types to be deleted
3	1		'END'

Example

```
@DELTYPE  
MAP PTPE  
END
```
