

AWIPS II Topic of the Week -- Meet the AWIPS Program Manager

All,

You've read the NWS Focus article about him, now he's coming to a regional site near you! As part of continuing AWIPS II Outreach, the AWIPS Program Office has agreed to participate in the "Meet the AWIPS Program Manager" regional visits. The goal of this initiative is to allow the Regional Headquarters management staff to meet the new AWIPS Program Manager, John Vogel, as well as an opportunity to share any concerns/issues the field may have regarding the AWIPS SOA Migration. The AWIPS Program Office is definitely excited about this tremendous opportunity to meet with you the "forecasters". Listed below are proposed regional visits through the end of the calendar year.

To learn more about AWIPS II please check the AWIPS Tech Infusion web site (<http://www.nws.noaa.gov/ost/SEC/AE/index.htm>).
