

Workshop Questions for Groups 3-6

Related to Sections 5.2-5.6 of the TIP

The following questions will be answered by the Breakout Groups focusing on Sections 5.2-5.6 of the TIP during the first afternoon of the Workshop. Group Leads will report the Group answers to the Workshop in the plenary session during the second morning. We will also be happy to accept individual responses to the questions.

Breakout Group or Name (if individual response):

1. Overall, what are the strengths and weaknesses of the TIP?

The following questions are in regard to the particular area (Section) of the TIP your Breakout Group is focusing on:

2. Do the target capabilities in your section of the TIP adequately support the 2025 goals in Section 4? If not, what supporting target capabilities should be included in your section?
3. What additional goals (if any) not listed in Section 4, would the target capabilities in your section support? What are these supporting target capabilities?
4. Aside from your answers to 2 & 3, are there additional target capabilities needed in your section? If so, why (what will they support?) and what are these capabilities?
5. Are the target capabilities in NWS Today, Next, and After Next realistic, i.e. is the progression/timing reasonable? If not, what should be changed?
6. Prioritize a list of the most important NWS Next and After Next target capabilities for your section of the TIP.
7. What S&T challenges must be overcome in order to meet these target capabilities?
8. What new S&T might become available that could address these challenges?
9. Other comments/concerns:
