MEMORANDUM FOR: National Weather Service Directives System Customers
/signed/
FROM: Deirdre Reynolds Jones
Director, Office of Facilities
SUBJECT: Rescission of NWS Instruction 1-706, Silver Spring Metro Center 2
Facilities Management

The following document is rescinded from the National Directive System.

NDS Title: NWSI SSMC2 Facilities Management
NDS Number: 1-207
Effective Date: September 2, 2003
Signature Date: August 19, 2003
Certified By: CFO3 (N. Scheller (Ret))
Approving Authority: I. T. David, CFO (Ret)

Summary: On April 25, 2017, this instruction was reviewed by Matthew Rooney and Robert Coulson, NOAA/Facilities Operation Division and both agreed this document should be rescinded. The explanation was the SSMC 2, 3, and 4 lease and Occupant Emergency Plan serve as campus-wide policy documents. In their view, a separate instruction potentially confuses facilities governance and draws an inappropriate distinction between SSMC 2 and SSMC 3/4.
